

## SUSTAINABILITY FACTSHEET POWERTEX TRUCKER R-PET WEB LASHING

Product details	
Product name	Powertex TRUCKER r-PET Web Lashing
Product range	2500 daN, 10-meter, 2 part

Supplier details	
Supplier name	[undisclosed]
Has the supplier signed the Axel Johnson International Code of Conduct?	Yes
Did the supplier pass the sustainability audit?	Yes
Last date of Sustainability Audit	06-12-2022
Audit score	Medium-high performance
Audit conducted by	Axel Johnson International China

Sustainability details	
What are the sustainability enhancements?	<ul style="list-style-type: none"> <li>100% of the polyester is exchanged from virgin polyester to recycled polyester made from used and recycled PET bottles.</li> <li>Plastic wraps replaced by cardboard wraps</li> </ul>
How much better is the sustainability performance?	42,3% reduction in CO <sub>2</sub> e from a cradle-to-gate-perspective (detailed view below).
How is the improved performance substantiated?	The research and following CO <sub>2</sub> e calculations were done in 2022 in a cradle-to-gate perspective according to ISO 14067 by a 3 <sup>rd</sup> party (2050 Consulting AB, Stockholm). For recycled material, the cut-off approach was used.

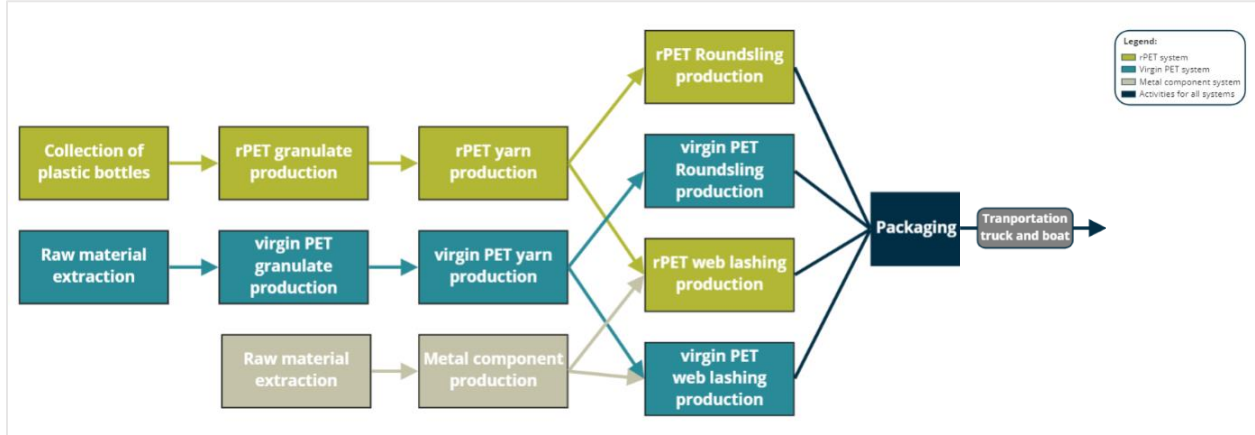

Climate Calculations Results (Total GWP in kg CO <sub>2</sub> e)		
Process step	r-PET Round Sling	Virgin PET Round Sling
<i>Granulate Production</i>	0,24	3,44
<i>Yarn Production</i>	0,28	0,25
<i>Manufacturing</i>	0,09	0,09
<i>Metal component</i>	2,99	2,99
<i>Packaging</i>	0,17	0,17
<i>Transport</i>	0,53	0,52
Total for the finished product	4,31	7,47
<b>Total reduction (CO<sub>2</sub>e)</b>	<b>42,3%</b>	

Powertex, an Axel Johnson International – Lifting Solutions brand, is a leading provider of lifting, lashing, and fall protection equipment.

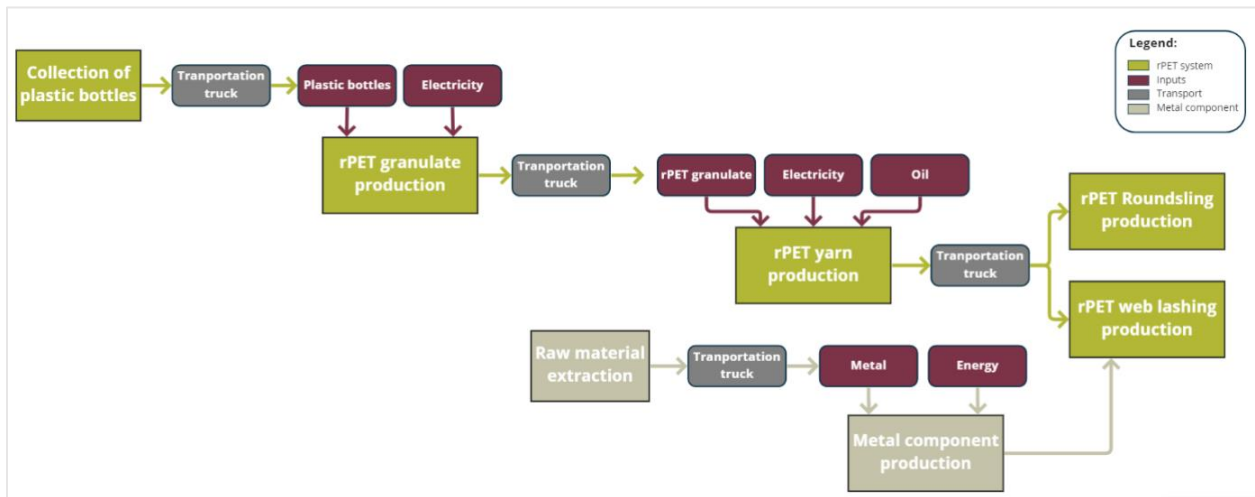

## System Boundaries

The study used a cradle-to-gate perspective and considered CO<sub>2</sub>e emissions from all activities during the lifecycle of textile slings and web lashings.

The flowchart below shows an overview of the production systems and their activities.

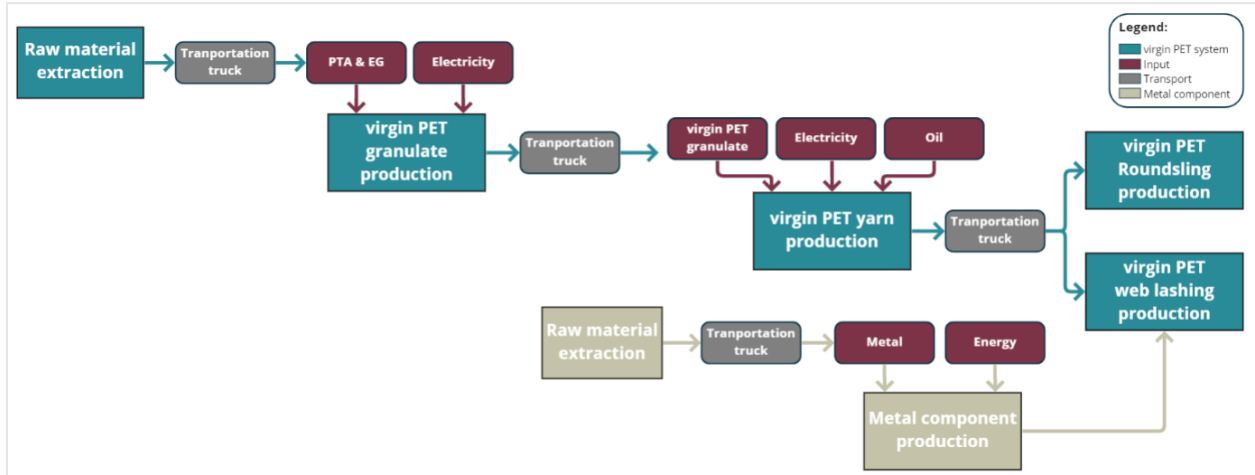

## Flowchart of r-PET input materials for textile slings and web lashings

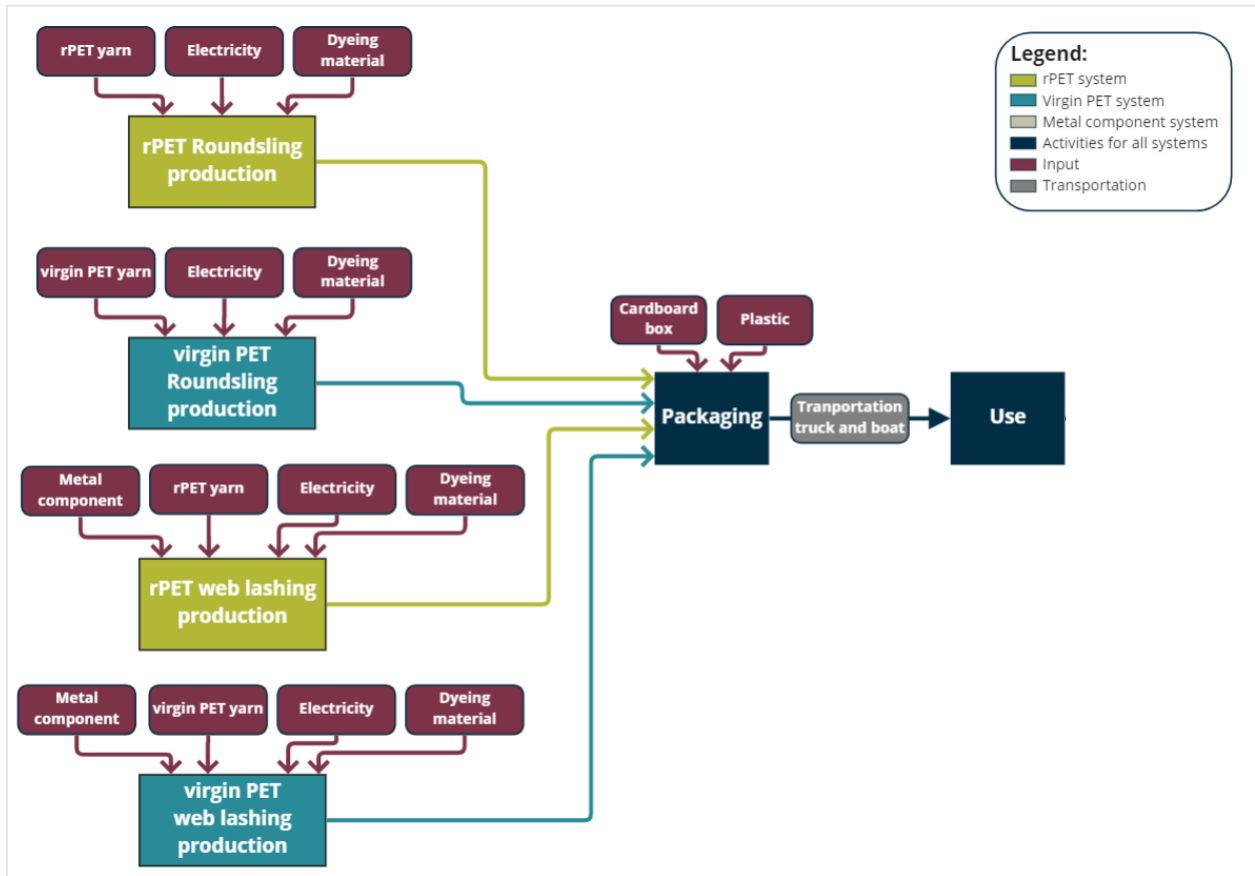

Powertex, an Axel Johnson International – Lifting Solutions brand, is a leading provider of lifting, lashing, and fall protection equipment.

## Flowchart of virgin PET input materials for textile slings and web lashings

## Flowchart of the production of textile slings and web lashings, packaging, and use.

Powertex, an Axel Johnson International – Lifting Solutions brand, is a leading provider of lifting, lashing, and fall protection equipment.
